RAND

CREATING HARMONY BETWEEN THE OCEANS AND HUMANKIND

LUXURY & SPEED UNITED

THE NEXT GENERATION OF BOW RIDERS

Supreme 27 is a watersports manifesto and a new approach to the popular bowrider class. Spacious and comfortable like nothing else in the category, the Supreme 27 is a spectacle of fun and games at sea, featuring a multitude of entertainment options and seating areas, all wrapped up in the usable and functional RAND Boats design, where every inch is designed to ensure time aboard is free of obstacles.

ELEVATE ON-WATER ADVENTURES WITH STYLE & FUNCTION

AREAS FOR EVERY NEED

Experience true luxury and comfort on the water with Supreme 27. Relax in style on the double-sized sunbed and lounge chair in the bow or take in the view from the spacious captain's seat. The large lounge area includes a comfortable sofa and table for nine. For ultimate relaxation, head to the aft queen-sized sunbed with a stunning horizon view and access to a generous bathing platform.

ADAPTABILITY

Supreme 27 offers massive storage rooms and an adaptable layout with flipping back rests, allowing you to

adapt the boat on the go. You can also choose an optional kitchen, similar to the one seen in Leisure 28, on the port side next to the electric toilet. This option is part of the many customizations available to you through RAND Boats' online configurator.

AESTHETIC STEERING

The Supreme 27 steering console has taken inspiration from the automotive industry and draws comparisons to classic Italian sports cars with informative dials and gauges mounted into a carbon fiber panel. It features a soft-padded frame and a stainless-steel and natural leather steering wheel.

RAND

UNIQUE DESIGN

The design is uncompromising, prioritizing functionality first. The beautiful lines and surfaces, graceful details, impressive amounts of space, and the freedom to move around. Whether you are engaging in high-speed sailing in smooth waters or riding big waves in the ocean, the Supreme 27 will maneuver with fun and engaging steering while remaining stable and safe.

INNOVATIVE HULL DESIGN

The innovative hull design and advanced structure ensure impressive performance. Whether you are seeking efficiency or speed, the Supreme 27 excels in both areas, achieving planning speed at 14 knots in seconds and rocketing towards the 45 knots barrier, depending on

engine choice and purpose. The wave-piercing hull cuts cleanly through the sea, creating a precise and comfortable ride.

INTERACTIVE COCKPIT

The steering console is designed for effortless sailing, providing an extremely user-friendly interface where everything is within reach of the captain. The interactive touchscreen also includes navigation and sailing information, such as speed, fuel consumption, light controls, etc. As a part of RAND's intelligent boating, the steering console is fully connected to the RAND app, offering real-time remote access, live updates, GPS fence for theft protection, intelligent AI user modes, and much more.

UNIQUE LAYOUT FOR PLAY AND INTERACTION

CRAFTED FOR THOSE WHO RELISH THE JOYS OF A LIFE WELL-LIVED

SUPREME 27

FROM 145.900 €

MODEL	SUPREME 27
HULL LENGTH	844 CM
HULL WIDTH	255 CM
WEIGHT EXCL. ENGINE	1750 KG
DRAFT	40 CM
MAXIMUM CREW	12 PERSONS

ELECTRIC ENGINE & RANGE

E-DRIVE 170 KW INBOARD INCL. 78 KWH LITHIUM BATTERY	CRUISING RANGE (8KT): 64 KM TOP SPEED: 30 KNOTS
E-DRIVE 265 KW INBOARD INCL. 117,5 KWH LITHIUM BATTERY	CRUISING RANGE (8KT): 97 KM TOP SPEED: 40 KNOTS

PETROL ENGINE & TOP SPEED

MERCURY F 300 OUTBOARD	TOP SPEED: 44 KNOTS
MERCURISER 6.2L-300 HP BRAVO 3 INBOARD	TOP SPEED: 45 KNOTS
MERCURY DIESEL 3.0L-270 HP BRAVO X 3 INBOARD	TOP SPEED: 40 KNOTS

*All performance figures are calculated and are intended as an indication. These figures cannot be guaranteed, as top speed and duration are affected by the cleanliness of the hull, conditions of the propellers, weight carried, and the condition of the sea. Equipment selections and production processes may lead to variations in the boat's stated weight.

POWERING YOUR ADVENTURES

ELECTRIC PROPULSION

With electric propulsion, you will experience low running costs, almost non-existing maintenance, a silent motor, more advanced interface systems, plug-and-play simplicity, and environmentally friendly boating. The 265kW motor provides incredible acceleration and a top speed of 40 knots. Combined with a battery capacity of 117.5 kWh, you have the opportunity for high-speed sailing as well as a long, silent cruise with a range of 100NM at 7 knots and 25NM at 20 knots.

PETROL PROPULSION

Supreme 27 also comes with traditional petrol and diesel engines. You can choose from three different engines, both inboard and outboard, ranging from 270 to 350 HP, ensuring that Supreme 27 has an engine for every need. With a tank capacity up to 315 liters, you can enjoy extended hours of sailing at a cruising speed around 25 knots, and you can even reach a top speed of 45 knots.
